NO NAVAL ARMAMENT LIMITATION SAYS LODGE

IF 4 POWER PACT IS DEFEATED BY THE U. S. SENATE

SAYS SENATE MUST CHOOSE BETWEEN ADOPTING TREATY OR POSSIBLE WAR

DEFEAT OF THE TREATY WOULD MEAN FAILURE OF ARMS CONFERENCE

(By United Press.) Washington, March 8.—Senator Lodge today declared the senate must choose between the four power Pacific treaty with naval limitations and peace, or a renewal of the Anglo-Japanese alliance and unlimited naval competition and possible war.

In a speech making ratification of the four power Pacific pact, Lodge said its acceptance is the only means of ending the Anglo-Japanese alliance and of making possible the naval holiday provided for in the treaty. Defeat of the treaty, Lodge said, would mean failure of the arms conference.

He left the inference that the United States could not ratify the naval limitation treaty if the four power pact was not approved, because the Anglo-Japanese alliance would then confront a reduced American navy.

The treaty, Lodge said, substitutes "the assurance of peace for the arrangements and calculations of war." At the same time it keeps the United States "clear of all alliances of any sort which are in their very nature ultimate breeders of war and shall always have hidden behind them penalties and force."

Lodge denied that the pact imposes on the United States any obligation "except to meet with the other signatories and the consultation in case of any controversy arising or in case of aggression by some outside power not a signatory."

Ishii-Lansing Treaty Superseded. Washington, March 8.—The Lansing-Ishii agreement is completely superseded by the nine-power Chinese treaty, President Harding informed the senate today.

President Harding's declaration was made in response to recent resolutions of Senator Borah, of Idaho, prepared by the senate which calls for information on this point.

The Lansing-Ishii agreement, the president explained, is merely an executive declaration and is supplanted by the formal treaty. If the senate ratifies this treaty, the principles and policies therein laid down will be enforced by a "binding international agreement," he said.

PRESIDENT URGES FINANCIAL AID TO MARKETING ASSNS.

(By United Press.) Washington, March 8.—Millions of dollars loaned by the government to hard pressed farmers are bringing about noticeable relief in the agricultural industries, President Harding disclosed in a letter to Eugene Meyer, director of the war finance corporation, today.

The president urged Meyer to extend his financial relations with co-operative marketing organizations.

COAL MOVEMENT IN NORTHWEST HEAVY

(By United Press.) St. Paul, March 8.—Coal movements in the northwest are exceeding previous records in the face of the threatened coal strike.

Northern Pacific officials said today coal movements from the head of the lakes in February exceeded last year's movement by 4,614 cars. Thus far in March 2,176 cars have been moved compared with 752 cars during the same period in March last year.

"Own Your Home" Campaign Mankato, March 8.—Contractors and builders of Mankato today started an "own your own home" campaign.

A building and home furnishing show—the largest in the city's history—was opened. Materials and accessories were on display.

DETECTIVE ROUTS NEGRO BANDITS; KILLS ONE OF THEM

(By United Press.) Minneapolis, March 8.—A Negro bandit pressed his gun against the cheek of Detective Rudolph Bisanz last night and was killed.

Bisanz had been assigned to guard duty along the street and walked with his hand on a gun in his overcoat pocket.

The negroes approached. One of them told Bisanz to throw up his hands. The detective fired, and the man fell back, firing as he fell. The bullet missed the detective. His companion stood petrified, and was immediately arrested.

GENOA CONFERENCE EUROPEAN CONCERN

PRESIDENT WILL SO REPLY TO INVITATION TO HAVE U. S. REPRESENTED

(By United Press.) Washington, March 8.—The United States government within the next 24 hours will announce that it will not participate in the forthcoming Genoa economic conference, it was learned here today.

This announcement is expected to be made in a note by President Harding and Secretary of State Hughes, which will be a reply to the invitation from Italy for the United States to take part in the conference.

The American government will state its willingness to send an unofficial observer to the conference, scheduled to open on April 10th, but such a course is pointed out would not involve any active participation by this country.

In the reply to the Genoa invitation, this government probably will set forth its views regarding the conference. While the United States holds deep sympathy for any sincere effort to remedy economic situations in Europe, it is held that the proposed work of the Genoa conference is strictly a European concern.

Russia Will Send Delegate.

Moscow, March 8.—Soviet Russia will send a delegate to the Genoa economic conference with the following proposals, and demanding:

1. An international loan to Russia of five hundred million dollars.
2. European reconstruction to be accompanied by Russia supplying raw materials in exchange for further credit.
3. Germany must be permitted to cooperate freely with Russia.
4. The League of Nations must not be forced upon Russia or the central empires.

The Russian demands for payment for damages caused by the campaigns of Kolchak and Denikin will be incorporated in a Soviet promise to pay the debts of the former Russian government.

300 WOMEN STORM FEDERAL BUILDING

(By United Press.) Chicago, March 8.—Three hundred infuriated women stockholders in the Co-operative Society of America, were held at bay by deputies with revolvers today when they stormed the federal building. The women charged the court room of Judge Evans protesting the issuance of a warrant for the arrest of Harrison Parker, former head of the society.

Resists Federal Control

(By United Press.) Santa Fe, N. M., March 8.—More than 60,000 square miles, comprising approximately one-half of New Mexico's area, might be converted into a game refuge and public shooting ground, under the control of the secretary of agriculture by the terms of senate bill No. 1452. This is the statement made by Gov. M. C. McChesin in a letter of protest sent to the governors of a dozen western states. Governor McChesin believes that federal control of the state's game and fish is not desirable.

BAD FIRE BREAKS OUT IN CHEBOYGAN BIG BUILDING BURNS

IT WAS UNCHECKED AT NOON AND STILL SPREADING IT IS REPORTED

(By United Press.) Cheboygan, Mich., March 8.—Fire broke out in Cheboygan today, destroying several business buildings.

It was still spreading unchecked shortly before noon. Among the buildings to be destroyed were the Kessler building, a four story brick structure; the Masonic Temple and the telephone exchange. A special train was rushing fire departments from nearby cities to Cheboygan.

According to reports reaching here, two persons were killed in the fire, Frank Hosler, a baker who was trapped when he attempted to save valuables in his shop, and Peter Laway, a youth whose body was found in a business building.

Miss Jeanette McDonald, a phone operator, was reported seriously injured when she jumped three stories to the ground when the Bell Telephone company building was burning.

COUNTY TREASURER ORDERED TO RESIGN OR BE DISMISSED

(By United Press.) Hastings, Minn., March 8.—Maurice O'Brien, county treasurer of Dakota county, today was ordered to submit his resignation effective April 1, or be dismissed.

The county board met in a special session and decided on this action as a result of the alleged embezzlement of about \$23,000 by Joseph Kane, a former employee of the O'Brien office.

Kane is now serving a sentence in the St. Cloud reformatory. The county board charged him with gross mismanagement of his office in permitting the embezzlement.

BORAH DENIES RECEIVING LETTER FROM WILSON

(By United Press.) Washington, March 8.—Senator Borah emphatically denied today dispatches of a press association other than the United Press stating that he had not received a letter from Woodrow Wilson, outlining objections the former president was said to hold against the four-power Pacific treaty.

"I have not had a letter from Mr. Wilson," Borah said, "neither do I know that he has written a letter setting forth his attitude on the treaty."

ST. PAUL HOCKEY TEAM IN THE LEAD

(By United Press.) St. Paul, March 8.—The St. Paul Athletic club hockey team today had a good chance of going into the finals for the district championship with the Westminster Six of Boston.

St. Paul won over the Eveleth six last night which gave St. Paul a one point lead in total scores for the series.

St. Paul won the game two to one, making a total score of seven to six. St. Paul has won two games of the series and Eveleth one, while a tie game will be played off tonight.

Should Eveleth win the game tonight the team with the highest score will be considered to have won.

Rum From Sugar Beets

(By United Press.) Berlin, March 8.—Since the heavy taxes have been introduced for wine many housefathers have sneered at the tax collector and made their wine at home. A decree has been circulated that the home-made wine must be taxed if the bottles are corked. Germany, true to the slogan "make yourself as much independent of all imported goods," is trying everything and anything. The latest creation is "German Rumm," made out of sugar beets. It contains 75 per cent alcohol—which seems to be the main thing—and costs only 100 marks per liter against 250 marks for Jamaica rum.

TONG WAR HITS MINNEAPOLIS

(By United Press.) Minneapolis, March 8.—The tong war which started in Chicago two days ago hit Minneapolis last night.

The mysterious killing of a Chinese at the Hip Sing Tong club rooms on Third avenue south, is setting the police at work.

Four shots were fired. The assassins threw the revolver in a snow bank twenty feet away. The dead man was identified by papers in his pocket as Lee Hen Yuen. He is about thirty-five years old.

About twenty-five Chinese playing cards in the Sang Yuen importing store were huddled in a corner when police arrived. The shots frightened them they said. They all claimed never to have seen the Chinese before.

Tong War Extension Expected. More killings in the tong war here were expected hourly by police.

The Woo Yung Tong is said to be the sworn killers of the Hip Sing Tong men. Police said it is the Hip Sing's next move.

They are scheduled to hold a national conference in Minneapolis next week. The Woo Yung Tong is said to be strongly entrenched in St. Paul.

Four Woo Yung Tong men were in Minneapolis last night, police said. Shortly after the killing they were said to have been seen fleeing in an automobile.

A revolver found in a snow bank near the dead man's body was found to have been his own. He apparently had drawn his gun but was killed before he had a chance to fire.

Papers in the slain man's pockets indicated he had killed a Woo Yung Tong in San Francisco and fled here. They also indicated he had been closely trailed.

NORTHWEST NEWS

(By United Press.)

Hear Protests Against Train Changes Lakota, March 8.—The state railroad and warehouse commission today will consider protests here against changes in the routing of local passenger trains Nos. 9 and 10 on the Great Northern. These trains formerly ran between St. Paul and Minot but, according to a recent change of schedule effective March 5, terminated at Devils Lake.

To take their places Nos. 29 and 30, heretofore fast trains, do local work between Devils Lake and Minot.

Shortage of \$6,000,000 St. Paul, March 8.—Meeting expenses was a problem the state treasurer's office faced seriously today for the first time in many years.

Up to this year the state has had an enviable record among other states for keeping its pocketbook high and dry.

Reverses hit business and the state's treasury suffered.

Failure of the tonnage tax to bring returns expected and a serious falling off of returns in taxes on gross earnings of railroads hit the treasury hard. No tax levy for revenue purposes was arranged for.

As a result a possible shortage of \$6,000,000 in expected revenue is faced according to George LaFond, statistician in the state treasurer's office. The state may have to borrow money from banks before the end of the year it was said.

The tonnage tax, expected to yield about \$3,500,000 fell to less than a third that amount. Little ore was turned out last year because of slack business. The mines on the iron range for the most part were closed. The state lost about \$2,000,000 in revenue from this source.

Then the railroads fell off about \$5,000,000 in total gross earnings in the state and the state treasury lost another \$2,000,000 in gross earnings taxes.

Announcement by State Auditor R. P. Chase that there would be no tax levy for revenue purposes this year cut the revenue another \$2,000,000. LaFond interpreted this announcement as a "political jesture."

After the elections this fall the legislature will meet. It may have to solve some big problems in regard to the state's finances.

CONFINING WOMEN JURORS WITH MEN NOT BE TOLERATED

GOVERNOR PREUS DECRIES SITUATION WHICH RESULTED IN PRACTICE

(By United Press.) St. Paul, March 8.—Confining women jurors in the same room with men jurors over night is a situation which must not be tolerated, Governor Preus told the United Press today.

He decried the situation which recently resulted in seven women being locked up in the same room with five men on a Ramsey county jury for two nights here last week.

"I certainly would not consent to my wife undergoing such an intolerable ordeal," said the governor.

Governor Preus said that unless some action was taken to eliminate the practice of locking mixed juries in the same room over night, legal action would have to be taken. If the situation is not changed by the time the legislature meets, the governor will recommend legislation requiring private quarters for women jurors.

CORN AND GRAINS ON FARMS MAR. 1ST ABOUT THE AVERAGE

(By United Press.) Washington, March 8.—Corn on farms March 1 this year totaled about 1,313,120,000 bushels, or 40.6 per cent of the 1921 crop, compared with 1,564,832,000 bushels, or 48.8 of the 1920 crop on the farms March 1, 1921, the department of agriculture estimated today.

The ten year average from 1910 to 1919 is 36.7 per cent.

Wheat on the farms March 1, 1922, totaled 131,136,000, or 16.5 of the 1921 crop compared with 217,037,000 or 26.1 of the 1920 crop on the farms March 1, 1921. The ten year average is 19.8.

LOYAL FREE STATE TROOPS TAKE CHARGE AT LIMERICK, IRELAND

(By United Press.) Limerick, March 8.—Troops loyal to the free state provisional government held the upper hand here today.

About one thousand free state troops, well armed and with officers, arrived over night from County Clare. Rebellious I. R. A. forces, which threatened to attack the loyal garrison, evacuated Limerick this morning.

The youthful commander of the invading neighbor Limerick troops was determined to enforce his ultimatum to the free state troops.

PRINCE GOES ON THE WATER WAGON

(By United Press.) Tokyo, March 8.—The acting emperor of Japan is on the water wagon.

Some of the other princes of the blood, and members of the Imperial Court are following the abstemious example of Crown Prince Regent Hirohito.

Some of the Tokyo papers are predicting that this new fashion is the forerunner of prohibition at the Imperial Court.

The "Chuo," one of the dailies here, recently made this statement:

"The Prince Regent has not touched alcoholic drink since his recent European tour. He merely lifts his glass to his lips at toasts. Prince Kan-in, following his example, has not touched alcohol since last spring."

The paper draws the conclusion that the "formal adoption of prohibition at the Court would seem to be only a matter of time."

However, the sake hounds don't seem to be worried, and some of the breweries are building extensions.

AMERICAN CITIZEN KILLED IN MEXICO

(By United Press.) Washington, March 8.—An American citizen, Alexander Mathere, was murdered Sunday night by an unknown assailant in the state of Vera Cruz, Mexico, the state department announced today.

CASE AGAINST A. C. TOWNLEY IS INDEFINITELY POSTPONED

(By United Press.) Fargo, March 8.—The embezzlement case against Arthur C. Townley, president of the nonpartisan league, will be indefinitely postponed.

Attorney General Johnson caused Townley's arrest as soon as he was released from a Minnesota jail, accusing him through the county attorney here of conspiracy with J. J. Hastings in giving an alleged worthless note to the Scandinavian American bank.

The case was scheduled to come up tomorrow. Townley's attorney, W. F. Lauder, of Wahpeton, said today he will ask postponement. Attorney General Johnson said indefinite postponement would be necessary because of the press of official duties.

COAL OPERATORS FAIL TO RESPOND

TO PRESIDENT'S INVITATION TO A CONFERENCE WITH MINERS TO MAKE WAGE SCHEDULE

(By United Press.) Washington, March 8.—Hope of averting the nation wide coal strike faded materially today with failure of the operators to respond to the suggestion of President Harding to the warring parties to meet in a conference before the walk-out, scheduled for April 1st.

Secretary of Labor Davis who issued the invitation, declared he had made "progress," but confessed the conference was far from a reality.

It is believed the operators have failed to respond to the suggestions which were sent out nearly two weeks ago. The general feeling in government circles now is that the strike will not be averted.

Favoritism to "Big 4" Rail Unions Charged

Chicago, March 8.—Railroads are discriminating in favor of the "Big Four" brotherhoods, against other classes of employees, it was charged before the United States railroad labor board.

Union leaders representing organizations of railroad workers outside of the brotherhoods asked the board to postpone hearing on the demand of carriers for a 10 per cent wage reduction until conferences can be conducted between the workers and the employers.

Such conferences now are in progress between the brotherhoods and the railroads. The other unions held that the discrimination rested in railroads refusing to negotiate with other unions.

"There has been no dispute and until there is a dispute such matters cannot be brought before the board," E. J. Manion, president of the Order of Railroad Telegraphers, contended. Bert M. Jewell, head of the shop crafts organization, backed Manion's stand.

"It is a peculiar thing that the lower paid workers are summoned here at this time, while the higher paid members of the 'Big Four' brotherhoods have been invited to 'petting parties' by the railroads," Manion said.

THREATENED CRISIS IN TOKYO AVERTED

Tokio, March 8.—Overthrow of the cabinet of Premier Takahashi, which was threatened yesterday by the governmental crisis growing out of the disagreement on the new budget, seemed averted temporarily today.

The house of peers, which holds a key position in the situation, yielded to the demands of the premier in certain items of the budget.

New Cure For T. B.

Colorado Springs, Colo., March 8.—A large concrete igloo, built after the fashion of the snow igloos of the far north, may be constructed to test out a theory of curing tuberculosis, advanced by Dr. Fred M. Spiers, of Alaska. The plan is to have the patients, warmly clad in furs, live in the large room without any artificial heat. This plan was found successful in Alaska, it was said.

FARMERS ACT TO PREVENT MINERS' STRIKE IN APRIL

NATIONAL GRANGE DECLARES WALKOUT WOULD PARALYZE AGRICULTURE IN PLANTING SEASON

Washington, March 8.—The farmers, who are beginning to reap the benefits of returning prosperity, are alarmed by the possibility of a coal and rail strike, which would paralyze industry and agriculture in the planting season and halt the progress of readjustment from wartime economic conditions.

S. J. Lowell, master of the National Grange, with a membership of 1,000,000 farmers, has addressed an appeal to the 8000 local granges to be read at their meetings throughout the country this week urging them to mobilize their influence in the moulding of public opinion into a universal demand for the settlement of the coal mise wage question, without resort to a strike.

Farm Bureau Opposition Seen The American Farm Bureau Federation, which opposes generally the use of the strike weapon, and other agricultural organizations are expected to take a similar stand.

Meanwhile Secretary of Labor J. J. Davis is continuing his endeavor to bring about a conference of the miners and operators, as is provided by their existing agreement, but said he is not prepared to state what progress he has made. He thinks that the telegraphic correspondence between President Lewis of the mine workers and President Farrington of the Illinois union, indicates "there will be no move to secure separate state agreements in the central competitive field."

Coal Production Grows. Production has jumped 40 per cent in the bituminous fields, there having been an increase of 500,000 daily in the last seven weeks, nearly all of which is going into storage along with the surplus of 50,000,000 tons on Jan. 1 last.

"Huskies" Scarce

(By United Press.) Edmonton, Alta., March 8.—Malamute dogs, the half-wolf, half canine animals known as huskies, are selling in the North at \$100 apiece and up, according to returned hunters and prospectors. When the North is snow-bound and lakes and rivers are locked with ice against navigation, travel in the north is almost exclusively by dog-sled. The lowest price at which dogs can be obtained is \$100 apiece, according to advices. First-class animals, such as crack "mushers" pride themselves on keeping, are hard to get at any price and when obtainable, cost several hundred dollars, or as much as a good horse in the south. Scarcity of dogs, it is said, is due to the neglect of breeding stock by the Indians.

BURLINGTON TRAIN IS DERAILED, BUT NO ONE IS INJURED

(By United Press.) St. Paul, March 8.—No one was injured in a derailment on the Burlington at Alma, Wisconsin, early today, according to Burlington officials here. The right of way was said to be broken. Wires were torn down by the wreck, and communication was cut off.

Dairy Commissioner Denies Opposing Co-operative Creameries

(By United Press.) St. Paul, March 8.—Chris Heen, state dairy and food commissioner, today denied that he had opposed the co-operative creamery movement.

Resolution passed yesterday at the convention of the Minnesota Co-operative Creamery association, asked the removal of Heen on proof that he opposed the co-operative movement. In a statement today Heen said he had not opposed the movement. He said he had been asked to have his office men help in the movement and had refused to do this. They were state employees, he said, and under the law could not devote any time to aiding the movement.

THE WEATHER

Forecast for next 24 hours:
Minnesota—Mostly cloudy
and unsettled tonight. Slight-
ly colder in northwest portion.
Thursday probably fair.

Cooperative observers record:
March 7—Maximum 30
above, minimum 10 above.
Reading in evening 20 above.
Clear Northwest wind.
March 8—Minimum during
the night, 8 above.

NO AUDIENCE; ALL TOOK PART

Indian Dance, Puritan Days, New Amsterdam, Mississippi Valley Explorers, Etc.

Saturday evening at North Bay school house the Bay Lake Rural Progressive Club staged a unique and delightful entertainment—unique in that there was no audience, every man, woman and child present participating, and delightful in the spirit and attention to detail with which every part was played. The theme was "An Evening with the American Colonists." First came supper, which each group ate by itself, the menu being limited to the staple dishes of the colony it represented.

In one corner of the schoolhouse an Indian finally squatted about a campfire over which hung three great kettles containing respectively wild rice, stewed corn, "bear" meat; there was also corn bread and an indescribable and almost unnamable mixture of dried fruits, etc. The blanketed chiefs, adorned with feathered head-dresses and wampum smoked long stemmed pipes with tomahawk heads; the squaws were adorned with red cloth and beads; the papooses were cunning imitations of their elders. The tribe ate their food from birch bark dishes with wooden paddles. From time to time a chief would send his squaw out to beg pie or cake from the whites.

The program opened with a war dance by the Indian braves to the tomtomming of a squaw upon a drum made by stretching deerhide across a hollow round of basswood. Then followed scenes from the Massachusetts colony. First a home scene before a huge fireplace; and then Myles Standish in their Puritan garb escorting white capped Priscillas to church, singing hymns as they walked, the barrels of their guns showing significantly past the high-crowned hats.

New York was represented by a Dutch family. The women in caps and quaint gowns sat spinning or card-

ing wool; the men in high black caps, blue coats with a red breast and wide pale blue breeches with pockets that would hold a bushel sat drinking Holland gin. Big brother Hans told little Katrinka and little Jan a story. Then old and young joined in a Dutch dance. Next Quakers met in peaceful gossip and Betsy Ross brought in the new flag she had just made for General Washington. Then came the hit of the evening—pioneers and explorers of the Mississippi valley. The stage was turned into a white pine forest through whose tops shone a crescent moon. In came a party of weary explorers in Davy Crockett coonskin caps and fringed buckskin hunting suits. They had just kindled the campfire when one of their number brought in a newly killed deer. As they sat cooking venison on sticks the hunter told how he had shot the deer. The leader followed with a prediction of the transformation of this wilderness into a farming paradise by the whites. The next scene showed the explorers with guns and packs on shoulders starting the day's march.

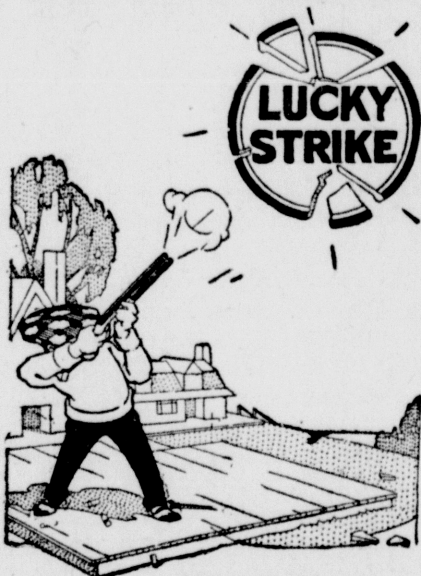

"Historical Virginians" opened with a little girl with ringlets sitting in a big chair and sleepily protesting that she didn't like American history because none of the people seemed real. Then in a dream the Goddess of Liberty appeared and from a throne received Patrick Henry, Paul Jones, Mary Washington, Molly Stark, Mad Anthony Wayne and General Washington and others; to these she awarded places of honor in recognition of what each had done for liberty. The entrances were announced by two pages, one in scarlet admitting the ladies and

the other in black and scarlet admitting the men. A patriotic air announced each entrance. The heroes wore powdered hair in queues, knee breeches, white hose and bowed ox-fords; the heroines' hair was powdered and their gowns were quaint and flouncy. The evening closed with a brand new song, "Americans All," that has not yet generally worked eastward from California.

Credit for the success of the evening is due to the chairman of each group, which kept its plans secret from the others. These chairmen were: Indians, Earl Archibald; Puritans, Mrs. L. P. Hall; Dutch, C. G. Christenson; Quakers, Miss Christine Huseby; Pioneers, John Christenson; Virginians, Hugo Knieff. The first prize was awarded by the committee—Principal Knieff of Deerwood schools, Wilbur Hunt and H. E. Workman—to Pioneers; and the second to the Indians. The prize, which was offered by L. P. Hall, is a trip for the group and sweethearts to the next good musical attraction at Brainerd.

Womans Home and Missionary Society

The Womans Home and Missionary Society of the Methodist church will meet Thursday, March 9 in the church parlor at 3 o'clock. Topic: "Hawaii". A cordial invitation is extended to all.

WEDNESDAY, MARCH 8, 1922

LAND CLEARING

During the past year more than 50,000 acres of land in Northern Minnesota have been cleared and put in shape for farming, and most of the counties have organized to continue the work in 1922. With this great incentive, agriculture in the northern part of the state is taking unprecedented strides.

Beltrami county led with the clearing of 15,000 acres; St. Louis county followed with 9,000, and Itasca was next with 8,500. In Beltrami county \$5,000 was subscribed by business men to buy explosives, and a land clearing expert was employed. More land was cleared in Itasca county last year than for the five previous years.

It is estimated by land clearing men that 70,000 acres will be cleared in 1922. Quite recently Cass county was organized in eight land clearing districts, with the cooperation of the farm bureaus, business men and the county agent.

A meeting for the organization of an association for Crow Wing county will be held in Brainerd on March 16, and farmers and all others interested should not fail to attend. Business men as well as farmers are deeply interested in the movement.

HELPING THE VETERANS

It has been announced by the Minnesota Department of the American Legion that special means of joining in the nation-wide campaign to relieve unemployment of former service men have not been considered, because co-operation with business men has been established by previous campaigns. It is claimed that there are more than 8,000 unemployed former service men in the state, 90 per cent of whom are in the three large cities, and employment bureaus maintained by the Legion are constantly at work for their relief. The whole state department is organized to look after unemployment in an efficient manner.

John Barton Payne, national chairman of the American Red Cross, says that organization spent \$9,782,000 last year in assisting disabled World war veterans. Of the total sum, \$7,000,000 was disbursed by local chapters and the remainder direct by the national body. The principal service rendered was in putting the disabled soldier boys in effective relation with the proper government agency in order to help them obtain aid to which they were entitled from the Federal government under the then existing laws.

EMPLOYMENT SITUATION IMPROVES

The United States Employment Service, in a statement just made public, reports a slow but gradual improvement in the employment situation with all signs pointing to general relief within the next few weeks. The Labor Department's information confirms advices of other government departments that industry and agriculture apparently have made the turn back in the road to prosperity.

St. Paul suffered a slight setback in February, while Minneapolis virtually stood still. Of the national situation the statement says:

"Reports from 231 of the principal industrial centers, with but few exceptions, show a general improvement in employment conditions, and breathe an enthusiastic spirit of hope and confidence in the future."

"Weather permitting, March will bring an era of great activity."

WANTS \$100,000,000 LOAN

An application for a government loan of \$100,000,000 for the National Railway Service Corporation has been made by its president, S. Davies Warfield, to the Interstate Commerce Commission. The loan was asked under the transportation act to facilitate the corporation's plan to purchase and repair all or any part of the 200,000 bad order freight cars now on Ameri-

can railroads, and to provide new equipment.

The plan was formulated by the National Association of Owners of Railway Securities, and was presented both to the Commerce Commission and to Congressional committees, as a means of providing railroad equipment at a decreased cost.

SCRAPPING WARSHIPS

Announcement has been made from the White House that Secretary of the Navy Denby is preparing for President Harding a detailed statement as to the status of work on various warships now under construction. When the President has had an opportunity to study the data, he will make recommendations to Congress as to the course he believes should be followed with respect to scrapping vessels which, under the terms of the naval treaty, must be converted or destroyed.

The March apportionment of the school fund, to be distributed to the public schools of Minnesota, totals \$1,246,347.20. This will be the final payment of state funds to schools for the fiscal year, ending July 1, 1922, and it means that with this apportionment the state will have distributed almost \$7,000,000 in state and special aid to the schools.

Testimony before the House Interstate and Foreign Commerce Committee shows that the American people invest \$500,000,000 every year in gold bricks, wildcat mining and oil prospects, and other get-rich-quick schemes. To protect them is the object of a Federal "blue-sky" measure ordered favorably reported.

An attractive book called "Politics and Tea" has been gotten out by the Republican women of Minnesota. The book gives a brief history of the activities of the Minnesota Republican Women's Club since its organization in May, 1920, by Mrs. Pauline E. Remington, its first president.

About 140 Minnesota editors have signed a letter addressed to Senator Kellogg, pledging him their support to secure his nomination and election for a second term.

The deep waterway from Duluth to the sea will shorten the haul and lengthen the profit on farm products, says the Bandette Region.

OTHER PEOPLES IDEAS

COMMUNICATION

If your valued paper will once more permit space, I wish to call the attention of the people of Brainerd to a very important matter, which concerns every man, woman and child, not only in Brainerd, but throughout the Northwest—I refer to the Deep Waterway to the sea project, now so much under discussion, and I would advise that, rather than take up a lot of your space and time in your valued paper for non-sensical, silly things, more attention be given to matters of such national importance. I would urge all civic, political and fraternal organizations to acquaint themselves with this great issue which has been introduced in congress and then write its views to our Senators and Representatives on matter at once. Do not delay for our representatives in Washington are waiting to hear from us. If this deep waterway becomes a reality it will mean more to every man, woman and child in the Northwest, than anything that has ever been done or thought of. If you wish to do so, Mr. Editor, you may publish the contents of the enclosed leaflet for the information of all concerned.

KIRK COURTLAND

ANENT DRAINAGE DITCHES

Hubert, March 6, 1922
Editor Dispatch:
Just read in Saturday's edition Leon E. Lum on drainage law, am very glad that a man of his ability and influence sounds a note of protest. We are at the parting of the ways, which road will we take. There is not one drop more of rain to the acre falls on swamp land than upon the driest sandy upland. There would be no swamps except for the surface run off from the uplands into the swamps. Shall we take the common sense road of preventing the run off from the uplands by slight ridges made with the plow with no more cost than the present method of plowing and by so doing save on the uplands all the soil fertility that is now being washed into the swamps and making the swamp land dry enough for the best of meadows and pastures, and while the filtrated seepage and percolation of this water into the little stream beds and thus slowly into the lakes all the year round will give us a lot of trout streams and preserve our lakes at a uniform depth of clear water with their influence on the summer climate, to attract tourists and promote the prosperity of our state, or shall we take the other road of draining the swamps, running the rainfall as rapidly as possible from the uplands through the drained swamps into the streams and rivers as flood waters carrying with it to the oceans, more soil fertility in muddy waters than we have left behind and more water than can ever come back to us as va-

AFTER SEVEN YEARS

Brainerd Testimony Remains
Unshaken

Time is the best test of truth. Here is a Brainerd story that has stood the test of time. It is a story with a point which will come straight home to many of us.

Peter Abear, retired confectioner, 224 Laurel St., Brainerd, says: "I got in a bad condition due to kidney complaint. It hurt me to stoop or lie down and there was always an ache through my sides and hips. When I caught cold, the trouble became worse but I used Doan's Kidney Pills and was soon relieved."

Mr. Abear gave the above statement October 28, 1913 and on August 19, 1921, he added: "I can always say a good word for Doan's Kidney Pills. Whenever I have used them they have always given me splendid results so

I gladly confirm my former statement."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Abear had. Foster-Milburn Co., Mrs., Buffalo, N. Y. Adv.

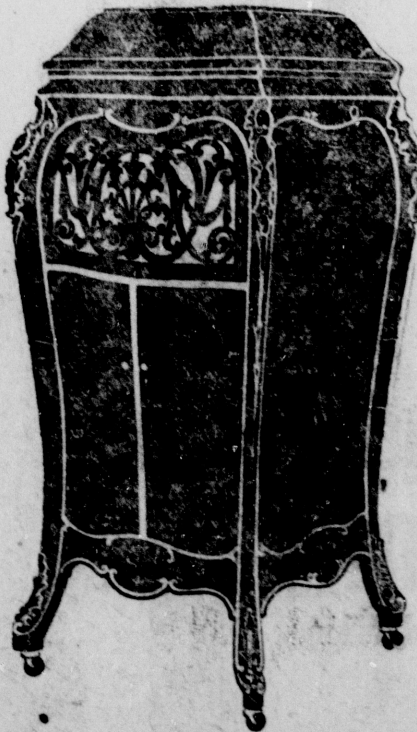

The Downward Path in Britain.

A little girl was haled before the justices for killing a farmer's poultry, not without using bad language. "Little girl," said the magistrate, "you see how one thing leads to another. You began by cursing your Maker, and you end by throwing a stone at a hen."—London Daily Chronicle.

REPUBLICAN DELEGATE CANDIDATES

Election to be Held March 14. Quota for Brainerd and Other Precincts is Given

POLL HOURS HERE 12 M. to 9 P. M.

In Townships the Hours are the Same as Regular Township Election Hours

Pursuant to section 3, chapter 322, session laws of Minnesota, 1921, the republican party county committee of Crow Wing county, certifies that the several election districts in said county are entitled to send the number of delegates specified below to the republican party county convention of Crow Wing county:

BRAINERD	
First ward	4
Second ward	12
Third ward	4
Fourth ward	3
Fifth ward	5
Cuyuna	2
Crosby	14
Deerwood village	3
Ironton	6
Ironton First ward	2
Ironton second ward	2
Long Lake	2
Pequot	2
St. Mathias	2
Trommald	2

All other precincts are one delegate each, making a total for county of 100.

The election will be held on March 14 and names may be written in whether candidates have filed or not.

In Brainerd the hours of election are 12 noon to 9 p. m. In townships hours are the same as the regular township election hours.

These candidates have filed for election March 14:

Brainerd First Ward—Louis F. Honman, 806 S. 6th St., Brainerd; Clifford A. Russell, 700 S. 5th St., Brainerd; B. L. Lagerquist, 514 S. 6th St., Brainerd; H. Turcotte, 504 Quince St., Brainerd.

Brainerd Second Ward—Hilding Swanson, 423 N. 5th St., Brainerd; E. E. Blackledge, 47 West Bluff Ave., Brainerd; Asher Taylor, 25 Kingwood St., Brainerd; Clifton A. Albright, 507 Kingwood St., Brainerd; D. D. Schrader, First National Bank, Brainerd; Mrs. E. J. Quinn, 616 N. 6th St., Brainerd; Milton Mahlum, N. Broadway, Brainerd; J. Patrick McGill, 416 N. Broadway, Brainerd; G. D. LaBar, 324 N. 7th St., Brainerd; S. F. Alderman, 305 Juniper St., Brainerd; W. H. Gemmell, 423 Holly St., Brainerd; A. J. Halsted, 423 N. Broadway, Brainerd; Theo. B. Brusegaard, 17 N. Bluff Ave., Brainerd; J. A. Thabes, 417 Holly St., Brainerd.

STATE OUTFITS MAY BUILD LOCAL ROADS

Highway Commissioner Offers Big Fleets to Push County-Town Co-operation on Local Roads

C. M. BABCOCK IN STATEMENT

100 Big Trucks and 50 Tractors Will Make Up the Heavy-Duty Fleets Ready for Spring Work

More than 100 trucks and 50 tractors—rebuilt war equipment—and other heavy machinery will be ready for use on local roads over the state in 1922 under an offer made this week by Charles M. Babcock, state highway commissioner, toward encouraging closer cooperation between counties and townships on local road work.

The expensive equipment will be put into service at actual operating cost, plus a reasonable charge for depreciation, Mr. Babcock said, and will save from 10 to 40 cents of every road dollar. It will be used where counties and towns agree upon road work which demands heavy equipment to produce maximum results at minimum cost. The fleets will be in charge of state crews of expert mechanics and operators.

Commissioner Babcock expressed satisfaction with the response to the recent recommendation that counties unite with their townships on definite plans for systematic development of local or secondary roads. "In many counties," he said, "the highway engineers are taking steps to adopt the plan and in others the auditors and commissioners are acting in the initiative. Always active in the good roads movements, the newspapers are again giving valuable help and indications are that bigger benefits will be forthcoming this year on the so-called local roads."

R. M. Cooley, equipment superintendent for the highway department said 100 big trucks and 50 tractors will make up the heavy-duty fleets ready to start out early this spring to break road-building records, and work most of the time on local roads where arrangements are made in advance by local road officials. The plan will work to the department's advantage also, by avoiding long jumps for the outfits.

MAKING STUDY OF COMMUNITY CLUBS

St. Olaf College of Northfield Sends Questionnaire to Brainerd Dispatch on Subject

QUESTIONS WHICH ARE ASKED

Comparison Made Between a Commercial Club and a Community Club, Aims and Purposes

The committee of civic clubs of St. Olaf College, Northfield, has sent out a questionnaire relating to community and commercial clubs.

The committee defines as a commercial club a club which has as its aim and purpose the building up of a city and who are members of the club.

The committee defined a community club as a club which has as its aim the welfare of the entire community, without respect to business or otherwise.

In answer to various queries it was stated that a commercial-community club was the best solution for a town the size of Brainerd. The biggest thing to do was to eliminate factional strife, to unify community thinking and to unite the various divisions.

The Brainerd Chamber of Commerce was unique insofar as organized labor recognized it as friendly and that Chamber and organized labor were working together for the betterment of the community.

The onion is mentioned in the oldest writings of Egypt and India and has been for ages cultivated and consumed in almost every country in the world, surpassing all other vegetables in antiquity and extensiveness of cultivation.

LAW ENFORCEMENT MEETING IS HELD

At the Bethlehem Lutheran Church Last Night—Rev. Winther Presided

STEERING COMMITTEE NAMED

By the Chairman to Arrange for the Organization of a Law Enforcement League (Contributed)

A large representative meeting of Brainerd citizens met Tuesday night at the Bethlehem Lutheran church. Rev. O. S. Winther presided. The general condition with regard to alleged law violations and law enforcement on the part of public officials were discussed. The resume of a letter from Federal Enforcement Officer S. B. Qvale contains this remark: "That any public official who says that his hands are tied, is simply pulling the wool over the eyes of the law-abiding citizens. They have ample laws to convict lawbreakers, but they are hiding behind the law, to save their own skirts." Mr. Qvale is very outspoken.

A steering committee was appointed by the chairman, to arrange for the organization of a Law Enforcement League. The committee are: Rev. Cooke, G. E. Lowe, Mrs. C. Cutler and Mrs. J. Erickson.

This committee is to work for city-wide representation on the proposed organization of a Law Enforcement League.

It is the earnest desire of this committee to have every man and woman of Brainerd "fall in line," and then something will be done and futile discussions will cease. A call for this meeting will come in the near future.

Important matters were decided which it was not deemed expedient to make public at this time.

Card of Thanks

A man is like a bit of Labrador spar, which has no luster as you turn it in your hand until you come to a particular angle then it shows deep and beautiful colors.—Ralph Waldo Emerson

DIRECTORS ARE NAMED AT MEETING

Building & Loan Association Formed at Chamber of Commerce and Articles of Incorporation

ADOPTED ON TUESDAY EVENING

After Their Publication, Committee to Solicit Memberships Will Begin Its Work

At the meeting of the general committee of the proposed Building and Loan Association, nine directors were selected and articles of incorporation adopted, as submitted by Attorney Walter F. Wieland. These directors will serve until the first annual meeting.

It is expected that the articles of incorporation will be returned from the state department within two weeks, after which the committee appointed to solicit membership will begin work.

DISABLED WAR VETS IN SESSION

Disabled American Veterans of the World War, Chapter No. 4, Met Tuesday Evening

3 NEW CLAIMS CONSIDERED

Social Session is Planned for the Next Meeting to be Held Tuesday, March 21

Disabled American Veterans of the World War, Brainerd Chapter No. 4 had its regular meeting on Tuesday evening at the World War Veterans club rooms over the New Park theatre.

A goodly number turned out. Four new members were admitted and a dozen more prospects were lined up for the next meeting.

Vice Commander William Lemire took charge of the meeting in the absence of Commander Franz R. N. Anderson, who is in Minneapolis on business. The minutes from last meeting were read, also the weekly bulletin from national headquarters.

Three prospective claims were taken up for disabled comrades who are having difficulty in getting their claims settled by the government. The next meeting will be held on Tuesday, March 21, followed by a social session.

TASTE is a matter of QUALITY

We state it as our honest belief that the fruits and vegetables used in the JACK SPRAT brand of PURE FOOD PRODUCTS are of finer QUALITY (and hence of better quality) than in any other brand of food products at anywhere near the price.

In order that you become better acquainted with the JACK SPRAT QUALITY, we have arranged a series of combinations which we have priced at very attractive prices, for the balance of the week.

SERIES NO. 1 all for \$1.00

1 Can Red Raspberries
1 Can Pineapple, sliced Hawaiian
1 Can Tomatoes, large size
1 Can Peas, nice and tender
1 Can Tall Milk

SERIES NO. 3 for 80c

1 Large Can Tomatoes
1 Large Can Pork & Beans
1 Can Peas
2 Cans Tall Milk

SERIES NO. 5 for 60c

1 Can Peas
1 Can Tomatoes
2 Cans Tall Milk

SERIES NO. 2 for 90c

1 Large Can Apricots
1 Large Can Pineapple sliced Hawaiian
1 Can Blackberries, fine quality

SERIES NO. 4 for 70c

1 Large Can Pineapple sliced Hawaiian
1 Large Can Pork & Beans
1 Large Can Tomatoes

SERIES NO. 6 for 50c

1 Can Tomatoes
1 Can Peas
1 Can Pork & Beans

SERIES NO. 7 for \$2.90

1 Assorted Case 24 Cans, regular value \$3.50.

CLEANLINESS

AMUSEMENTS

At New Park Tonight and On Thursday

Descended from a line of parents whose pedigree is as long as a Congressional Record, mentioned in orders for conspicuous work as a Belgian police dog, decorated for active war service with the Red Cross and petted by crowned heads and ministers of state, Strongheart, the Belgian police dog, makes his debut upon the American screen.

Strongheart, it is emphasized, is not a trick dog. His unusual performance is the result of wonderful canine intelligence, plus the stiff discipline he has been subjected to as a police dog and in military service.

In the Belgium police records there are numerous citations of burglars who have been caught not only by the seat of the trousers, but also by the speed and unbreakable grip of Strongheart. The dog also is entitled to six service stripes with the Red Cross, having been on the field almost continuously for three years, with the exception of a few weeks when he was slightly injured by shrapnel after the second battle of Ypres.

Strongheart his mark

During his police service he was constantly under discipline. It was a branch of regulations for the dog to lie down while on duty. This, and minor infractions were punished and the animal soon came to distinguish between the things he could do and those that were forbidden him.

The training has been of vast assistance in Strongheart's screen career, as he has been able to adapt himself easily to orders at the studio and go through his part with very few retakes and hardly any direction or coaching.

Elaine Hammerstein at Lyceum Tonight

One thing that impresses particularly about Elaine Hammerstein, the demure Selznick star who is appearing today and tomorrow in "Pleasure Seekers," at the Lyceum theatre, is her ability to act natural under any given set of circumstances.

In her current picture, "Pleasure Seekers," Miss Hammerstein is seen as Mary Murdock, the granddaughter of a country minister. Mary has married a young man who has been pretty wild and it appears that he has given up his former ways. But circumstances throw him into contact with some of his old companions, among whom is an old flame of his, a divorcee of questionable reputation. Miss Hammerstein as the young wife is informed of the fact. Does she immediately vow vengeance or become hysterical over the matter? Most emphatically she does not. She very calmly but firmly seeks out her recreant husband and in a decided manner informs him of what she is going to do and also what he is going to do.

The scene is not theatrical, but it is human and in that fact lies its power. It is one of many such scenes in "Pleasure Seekers," a photoplay that will appeal because it has been produced and acted in a manner that everyone will recognize as being true to life.

Larry Semon will be seen on the same program in a comedy feature entitled "The Fall Guy."

"WAY DOWN EAST"

Great Picture at New Park Theatre Starting Sunday. Running Four Days

Genuine students of the motion picture and its future are from time to time expressing doubts as to its exact province and many hold to the opinion that in its present transitory state the destiny of the cinema art is yet to be defined. Directors and producers are blamed by some for specializing in the new field, for making too much of the entertainment feature, dwelling at too much length on the spectacular, overreaching the bounds of the characterization and bringing forth in excessive measure the pathetic. In his latest

RICHARD BARTHELMLESS, KATE BRUCE AND LILLIAN GISH. IN A SCENE IN "WAY DOWN EAST"

and greatest screen production, "Way Down East," to be seen for the first time in this city at the New Park theatre, beginning Sunday for a run of four days. D. W. Griffith has again shown his genius by avoiding any set form, with the result that he has convinced them all in what amounts to practically a departure in the art.

Mr. Griffith has overlooked nothing. Rather he has made of his screen a mirror to reflect life in all its moods. This unusual presentation, made from a sterling stage drama, has given the wizard and the film great rein for his vision and imagination. That he has made the most of all these opportunities is readily apparent to any student who witnesses a presentation of "Way Down East."

Risking no mishap or failure in the interpretation of his art, Mr. Griffith assembled in the making of the picture a notable array of talented players including Lillian Gish, Richard Barthelmess, Lowell Sherman, Burr McIntosh, Mary Hay, Kate Bruce, Creighton Hale, Mrs. Morgan Belmont, Edgar Nelson, George Neville, Vivian Ogden, Florence Short, Mrs. David Landau, Josephine Bernard, Emily Fitzroy, Patricia Frenn, Porter Strong, Myrtle Stutch and a host of others.

Griffith's "Broken Blossoms" to be Seen at Lyceum Soon

Of extraordinary interest, not only to lovers of the motion picture, but likewise to all who appreciate the highest in art in its various manifestations, is the announcement of the Lyceum Theatre that it has secured David Wark Griffith's "Broken Blossoms," to be shown next Monday and Tuesday.

Never has a motion picture been accorded a reception comparable to the triumph that has followed every showing of this production. Newspapers have devoted column after column to its beauties and wonders. Everywhere its success has been instantaneous and it is safe to say that in bringing "Broken Blossoms" to our city, the management of the Lyceum has to its credit the biggest accomplishment in artistic entertainment that we have yet enjoyed.

The story of "Broken Blossoms" Mr. Griffith adapted from a tale by Thomas Burke called "The Chink and the Child" which is part of that author's famous volume "Limehouse Nights." Around this story, and we speak from the opinions of dramatic critics the country over, Mr. Griffith has built the most alluring, yet pitiful, beautiful, yet tragic love story ever filmed. It has become habit, almost, to look upon a Griffith production as something more than a motion picture, yet even the most ardent admirers of the art of this master of the films did not dream of the wonders that he would reveal in "Broken Blossoms."

Lillian Gish plays the part of the "Child," and Richard Barthelmess the part of the "Chink."

Palm Beach Gambling

(By United Press.) Monte Carlo, March 8.—"Gambling at Monte Carlo is weary, stale, flat and unprofitable compared to what goes on any day in the week down in little old Palm Beach." So says Winchell Smith, author and producer of Broadway successes, who is making a study of the psychology of gambling. "I've seen stakes laid on roulette tables in 'certain 'protected' dives in Florida that make the play at Riviera Casinos look like shooting marbles for keeps" Smith went on.

Let the Dispatch Print Your Tickets

harpoons and fire arms, and will be ready to do battle with more than one of the prehistoric monsters if need be.

O'Miller said today there had been other reports of the Plesiosaurian being seen in the region where Martin Sheffield, an Englishman, claims to have discovered one.

This remote region lies far from railroads and is known as the graveyard of the Jurassic in which the monster lives. It abounds in skeletons and other relics of the age of giant monsters and O'Miller believes that one or more may be still living in the lost world among the bones of the Mesothelium of the antediluvian days.

PERRY LAKE

The town board of audit will meet at the home of Town Clerk Robert Wood, Tuesday, March 7. Election will be held in the school house, Dist. 64, a week from that date.

Pearl Blood, who has been working at Lawton Camp, returned to Perry Lake last Sunday and is the guest of Misses Nola and Marguerite Wood.

Clem Wood and Clarence Wood are hauling fence posts to Crosby.

Richard Lehman, construction foreman on state road No. 8, has returned from a visit of several weeks at his home in Rochester. He reports that part of the state is quite bare of snow after a heavy rainfall last week.

A Ladies' Aid was organized last Thursday at the George Adcock home. Nearly every woman from the north end of the town was present.

Forty-two persons were in attendance at Sunday school Sunday, and a 100 per cent enrollment is hoped for in the near future.

Mrs. Joe Prushek and Miss Huntley visited at the Blood home Saturday.

Miss Greene was a week-end guest at the Travis Eastham home.

Stung Out Rewarded.

Patrons of a Long Island telephone line complained of a buzzing on the wires and a trouble hunter was sent out to locate the difficulty. He located it and he did something else, for he found that a swarm of bees had made a hive in the connection box on a telephone pole. The trouble hunter worked for hours and finally routed the bees with a fire extinguisher. He was badly stung, but he was rewarded by ten pounds of honey stored in the connection box.

Takes City Directory's Place.

How the telephone book is displacing the directory is illustrated by complaints in Brooklyn, which has no city directory now, that it is hard to find the address of persons living there unless they have a telephone. Of course everybody of consequence ought to have telephone service now, but all of those who can't are of consequence to themselves, and many of them are of consequence to others. Moral: Live out in the country, where everybody knows you.—Boston Daily Globe.

FIERY, ITCHING SKIN

IS QUICKLY SOOTHED

WITH THIS SULPHUR

Mentho Sulphur, a pleasant cream, will soothe and heal skin that is irritated or broken out with eczema; that is covered with ugly rash or pimples, or is rough and dry. Nothing subdues fiery skin eruptions so quickly, says a noted skin specialist.

The moment this sulphur preparation is applied the itching stops and after two or three applications, the eczema is gone and the skin is delightfully clear and smooth. Sulphur is so precious as a skin remedy because it destroys the parasites that cause the burning, itching or disfigurement. Mentho-Sulphur always heals eczema right up.

A small jar of Mentho-Sulphur may be had at any good drug store. Adv.
